## ABOUT ME

I am a passionate Frontend Developer with a strong foundation in React.js, HTML, CSS, Tailwind CSS, and JavaScript. I enjoy building responsive and user-friendly web applications with clean and efficient code. Always eager to learn new technologies, I am excited to contribute to dynamic projects and enhance my development skills.

## PROJECTS

### LIVE CHAT

- Developed a responsive live chat website using React.js and Tailwind CSS for real-time messaging.
- Integrated Firebase Firestore for seamless real-time database updates and authentication.

### NOTES

- Developed a Note-Taking App using HTML, CSS, and JavaScript for seamless user experience.
- Implemented local storage to save and retrieve notes without database dependency.
